

Report on Committee on Land, Trust and Probate 2017

The main work of this Committee in the past year was to take part in the preparation and organisation of the Chancery Bar Association Hong Kong Conference in May 2017. This event spanned a weekend and was very well attended. A number of eminent London silks specialising in Chancery and company work came out to Hong Kong and shared their learning and experience in a series of thought-provoking lectures and seminars. It was a very good opportunity for Hong Kong professionals to be updated on the latest developments on various aspects of Chancery and company practice, and also to socialise and connect with leading practitioners from London. The Hong Kong judiciary was very supportive and the Honourable Mr Justice Robert Tang PJ gave the keynote speech to kick off the event. The Hong Kong Bar was also well represented. Mr Benjamin Yu SC gave a lecture on ad hoc fiduciary duties as the closing event of the conference. Both of these speeches were very well received.
