

Report of the Committee on Land, Trust and Probate (ComLTP) 2020

The Committee's members delivered 2 talks in early 2020 on easement and adverse possession. The Covid pandemic then set in and things came to a standstill for months. With the amelioration of the pandemic situation, more talks were scheduled, in the form of Zoom webinars. A talk on probate practice was scheduled for December 2020 and two more talks on equity in land law and private trust were scheduled for January 2021.

The Committee also organized a couple of hikes for some members who attended the talks, before this was stopped by the pandemic.
