

## **Report of the Special Committee on Civic Education 2014**

1. This year, as in the previous years, the Special Committee on Civic Education have organized (i) talks to secondary school students on the Rule of Law and other law-related topics, (ii) career talks to secondary school students and (iii) court visits by secondary schools.
2. The purpose of the programme is to introduce the practical operation of lawyers and Courts in Hong Kong, as well as the more “abstract” concept of Rule of Law, to secondary school students in Hong Kong. Faced with ever increasing challenges to its competitive edge, it is crucially important that young people in Hong Kong learn, at a young age, the importance of the Rule of Law in Hong Kong and how the Rule of Law has made Hong Kong stand out uniquely in this region as a place where fundamental values and human rights are truly safeguarded by law. This is particularly so in the past year, where the media is filled with news and information concerning the Rule of Law and the occupation movement, with conflicting messages emanating from various quarters. Students have shown great enthusiasm in such issues during our activities.
3. Our programme has grown from strength to strength. A list of participating schools from the last AGM on 17th January 2014 to 15th January 2015 is attached to this report. The table includes schools who have taken part in the talks programme and the court visit programme. We hope that our programmes will continue to grow next year and in the years to come.
4. I would like to thank all the members of the Special Committee, as well as other members of the Bar and the Judiciary who have selflessly dedicated their time and effort in helping in the programmes and making them such a success.
